

Travel Medicine Society of Ireland Educational Bursary

Scheme 2020 APPLICATION FORM

Description

Applications for this bursary are open to current members in good standing of the Travel Medicine Society of Ireland who have been members of the Society for at least 2 consecutive years. Applicants must be registered healthcare professionals resident and practising travel medicine in the Republic of Ireland. Bursaries will assist travel health clinicians who wish to attend a relevant educational event in Ireland or overseas (e.g. courses, conferences, seminars) by providing partial financial support to defray the costs of attending the event. Applications will be assessed competitively by merit on a blinded basis by the Executive Committee of the TMSI.

TMSI will reimburse successful applicants upon presentation of vouched receipts to a maximum amount of €500. Four such bursaries will be available for 2020. Successful applicants cannot apply for further bursaries under this scheme until at least two years have elapsed following receipt of their most recent bursary. Successful applicants are expected to disseminate information acquired to other members of TMSI by writing an article for the newsletter *Taisteal* and by presenting an OSKE on an agreed topic at two regional educational seminars. TMSI will publicise the outcome of the bursary scheme in its newsletter and on its website.

Decisions of the Executive Committee will be final and lobbying will disqualify. Members of the Executive Committee are not eligible to apply under this particular scheme.

Personal details

Date:

Name:

IMC/INMB registration number:

Address:

Email:

Phone:

Current travel medicine role:

Educational event member wishes to attend (Title, Dates, Location – applicants must provide proof of registration).
